

FISCAL NOTE

SB 3603 - HB 3640

January 27, 2008

SUMMARY OF BILL: Requires students to attend school in which their family's residence is taxed if such residence is in two counties. This requirement does not apply to students living on a farm that is operated as a single unit.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – Funds and expenditures will shift away from some local education agencies (LEAs) and into other LEAs. Therefore a precise fiscal impact cannot reasonably be determined, but the net impact is estimated to be not significant.

Assumptions:

- Students attending school in a county where their land is not taxed would be required to change schools. The shift in BEP funding between LEAs is estimated to be not significant.
- The shift in money between LEAs would come from changes in pupil transportation costs, staffing levels, and needs for portable classrooms or building additions due to changes in student population.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
